Pipers "Weight-Beaten" In Bi-District Clash With Chillicothe Eagles' Squad

By-District Title Lost By Score 25 to 6

Battling against superior odds in pounds and numbers, Hamlin's Pied Pipers went down fighting last Friday night in Pipers Stadium, when the boys from Chillicothe handed them the first defeat of the season.

The first half of the game was scoreless, but Hamlin's line was taking a merciless pounding, and it was evident the boys were not going to be able to hold the powerful Eagle thrusts indefinitely. Three times the Eagles penetrated the Hamlin 10 yard line, and each time they were stopped short of a touchdown. Once they marched to the 8, once to the 3, and tried a field goal from the 9, which was wide to the left. Hamlin didn't pass the Eagle 32 yard line during the first half.

Following the rest period at the half Hamlin received the kick-off, Dean taking the ball deep in his own territory, and charged through most of the Eagle defense to the Chillicothe 34. Johnson passed to Brown on the 10, who loped across for the first score of the game. The Hamlin fans went wild, but their enthusiasm was soon to be chilled. Chillicothe received, and after an exchange of punts, Morrison went over from the 8 yard line to tie the score.

Then the touchdowns came thick and fast—all for the Eagles. Hopkins, Eagle half-back, scored and kicked extra point. Later Scruggs carried the ball across once more. Karr, quarter-back, made the final score, taking a pass on the 49 and galloped untouched across the goal line.

Johnson, Hamlin half, was easily the outstanding player on the field. He passed, punted and carried the ball in grand style. Blocking honors were shared by Harbert and Ferguson. Quarterback Dean got his share of the tackles backing up the line, as well as engineering the offense. Hamlin's whole team performed magnificently. There was just too much "beef" opposing them. W. A. Brown, Ellison, L. Brown, Petty, Barrow, Benham and Wilemon showed the

fighting spirit until the final whistle. Wilemon seemed to be giving the Eagle ball carriers plenty of trouble.

Jack Ellison, regular tackle, was out of the game on injuries, and Tommy Hill, fleet quarter back, was benched pending settlement of a question of eligibility.

Stars for Chillicothe, Karr, Hopkins, Scruggs, Morrison and Dillon. **Summaries**—Hamlin, first downs, 6. Passes, 9 of 21 for 123 yards. Yards rushing 75. Penalties 10 yds. Chillicothe, first downs, 20. Completed 8 of 20 for 162 yards. Yards rushing 296. Penalties 30 yards.

All Over But Comments

It would not be expected that one of the most sensational football games, ever pulled off in Hamlin, would get by without some editorial comment.

To begin with, a bi-district game in anybody's town is a great event, and Hamlin and Chillicothe people got a chance to realize that fact.

That Santa Fe Special train was composed of a baggage car and about three coaches, all packed to the doors. When it arrived in Hamlin the whole town seemed to be on hand... it reminded the older folks of the great old days of about thirty years ago... it was exciting to the younger generation for a train to come lumbering in loaded down with actual people. It was a show.

Bands, and more bands... don't know just how many made up the band gang from up along the Red River, but some reports had it that Vernon and Quannah boosted the number "right smart." Every one of the visitors landed with bright hat bands and belts saying "Beat Hamlin," and they did.

But Hamlin folks really gave the visitors a big welcome.

Everything was offered them, even two or three of the "fellers" got a rest in the City lock-up, however maybe they were from Quannah, or perhaps Vernon or Crowell... they had such a good time they had to have a "rest". Things turned fine and the Special train pulled out with all on board about 10:30

P. M. Guess everyone got home, as nobody has reported any wrecks or "nothin'".

After the train pulled in, there was a grand rush to get into the big Piper Stadium... and what a crowd, maybe 3,000 or 2,500... and out boomed that enormous band of enormous overgrown Chillicothe Eagles, wearing foot ball uniforms just the same color as the soil up in Chillicothe Valley.

Something up in the Chillicothe Valley makes boys become men mighty soon... why that bunch of Chillicothe High school boys would make the A. & M. team or the State University Longhorns look like puny little mites. How do they do it? And this is serious. How do they grow 'em so large?

As the two teams warmed up, just preceding the "show", the Hamlin Pipers, weighing 180 pounds looked like grammar school kids beside No. 71, listed as weighing 220 pounds. Then there was a No. 68 Eagle listed at 202 pounds, and the smallest man in the first string was listed at 145 pounds. The Chillicothe "reserves" must have been fattening since their weights were taken. Every time an Eagle showed a little wear or beat-down, a big fresh man was yanked out off the bench to take his place. So from the very start Hamlin fans yielded the top score to the visitors.

But that 25 to 6 was not gained without out winding, out pushing, out running and wearing down the spunky Pied Pipers. Nobody ever saw just a normal size set of school boys up against mass weight odds as the Pipers presented against the Mighty Eagles. Sometimes it took four or five Pipers to pull one of them down but down they went, like hawks defending their nest from a bald eagle. The Chillicothe fellows were not bald, mind you, but mighty beefy.

When the half ended and still Chillicothe's power had not scored, it looked like a tie in the end. The Pipers came back after a needed rest and before the eagles eyes could realize what hit them, the first count was made by the Pipers. That was enough to repay every cent the local fans paid to see the game. The powerful Chilli boys had not scored and did not score before the spunky little Pipers got a count.

Lots of guying was rife during all the game... some said there was too much "beef in the Chili"! Well, the story could go on. The foot ball season is now over and every person who saw Chillicothe swamp the Pipers believe now that the Eagles could do the same thing to S. M. U., T. C. U., Texas and Texas Tech and then beat A. & M. thrown in. It was a real game—both teams played fair and fine. Hamlin really would like to see Chillicothe win over Bowie in Vernon this Friday.

Baby Buried In Slaton

Mr. and Mrs. Claud L. Adams of Hamlin had sadness cast into their home by the early death of their baby, born at the Stamford hospital last Friday evening at 4:00 P. M. The little one was named Linda Sue Adams and she lived only about six hours.

The body was conveyed by the Kinney Funeral Home to Slaton, for burial, accompanied by the father and one little brother, Jerry Adams, and Rev. H. E. East, pastor of the Hamlin Baptist Church.

Mrs. Adams was brought home from the Stamford hospital Monday afternoon.

THANKS

Now that football is over and we have closed the most successful season that Hamlin has ever had, we wish to take this opportunity to thank all the people who contributed to its success. We are indebted to the coaches, the boys, the teachers who helped each game, the boys who sold tickets, the ones who worked the concessions, the men who helped with the lights, the many people who advised us, the advertising mediums that were opened to us, the band, the pep squad, those who helped with all the arrangements, the police, and finally, Mr. John Q. Public, who after all made the whole thing possible. We sincerely appreciate all who had anything to do with our athletic program this year.

Hubert Morton, Principal.
G. R. Bennett, Superintendent.

IT IS A FINE BOY

Stephen Arthur Carmichael, is the new member of the Hamlin Motor Company this week. The young fellow arrived at the Abilene Hospital Friday afternoon, December 6, 1940. He weighs nearly seven pounds. His parents are Mr. and Mrs. Art Carmichael, who now have an additional reason for looking forward to old Santa Claus.

ITEM II

Possibility that cotton farmers of the South might be asked to further reduce their cotton acreage on a voluntary basis and with compensation from the government was suggested at a state-wide cotton hearing held in Waco Monday, Dec. 2nd.

The hearing was called by the Texas AAA committee in an effort to study further steps necessary for solution for the problem facing the cotton south. Four plans for aiding the cotton farmer were discussed by producers, ginners, crushers, shippers, and representatives of various government agencies attending the meeting.

C. G. Green, who has been in Austin on business for the past four months, came home last Friday for the Christmas holidays. Mr. Green is working for the Group Hospital Service, Inc. He has enrolled many of his friends in this country and he says wherever he goes the idea is readily sold.

DR. JOE McCRARY

By Craigolene Elmore
and Selma Hassen

Two of your roving reporters visited one of our trustees, Dr. Joe McCrary, who has been confined to his bed for quite a while, and this is what we learned.

When we asked him what he thought of our paper, he replied, "I think it's good; in fact, we tear it in half so I can have half of it all to myself. We're going to have 'Bowen' send us two copies."

He said he could eat anything he wanted. He told of one incident which he enjoyed very much. Mr. Dunlap's brother-in-law sent him a tray of food for dinner, which his nurse claims was half as big as his bed. When he finished, there was very little left.

As a pastime, he works cross-word puzzles, an average of two a day, and he telephones everyone he knows. Using his extension, he listens in on the conversations of other members of the family without their knowing it.

When we asked him about the enjoyment he gets from seeing his friends, he declared, "Friends mean everything." This statement was verified by the fact that while he lay seriously ill three weeks in Santa Fe, New Mexico, he received two hundred cards, telegrams, and letters from friends in various parts of the United States. Dr. Joe told that he had been absent from the Lions Club three months and one week and that he hadn't missed a meeting because members of the Lions Club come to his home and make up his attendance. Even the Lions in Santa Fe helped him in this way. He said that he had never gone to see many people while they were ill, giving as an excuse that he was too busy, but that when he got to where he could he was going to see all of them.

In commenting on the football

team, he said that he thought we had the best team he have ever had and that last year he didn't miss a game, but this year he had not seen one, much to his regret. His wife said, "If Hamlin should lose a game, he would have a sinking spell."

When asked if he had any funny experiences during his illness, he replied, "No." His wife told a different story.

When he was carried to the hospital, he was carried by a policeman through the back door instead of going through the front door where all patients register. The next morning when the Sister looked on the records, she found "No information about patient in Room 6."

When he was still under the influence of the medicine, he rang the bell and asked for the supervisor. When the nun came in, he rose slowly and said, "Howdy." He says that he didn't even know she was in the room.

When he gets soup for dinner, he slips into the kitchen to see if they are "holding out" on him.

The physician has advised that Dr. Joe will be confined to his bed until December 15. Frequent chats with his friends are helping him to be more patient and submissive. His friends will find these visits good tonic for themselves as well.

PEP ASSEMBLY

Last Friday, Dec. 6, a pep assembly by the student body was held in the auditorium. It started by the student body singing the school song. A pep talk was given by Coach Smith, in which he introduced the three all-district stars. They are Jack Ellison, tackle; Bobby Barrow, guard, and Alvin Johnson, back. The students in return showed their appreciation by an up-roaring applause.

NEW STUDENTS

Probably you have had the op-

portunity to make new acquaintances in school the past two weeks. There have been seven new students enrolled in High school.

The new students are: Christine Badgett from Lubbock; Willie Dee and Douglas Rankin, both Freshmen; Dollie Lou Goins, a Freshman; Joe Ball, Junior and Clem Ball, a Senior, both from Knox City; and Joyce Conner, a Junior from New Orleans, La.

TO OUR COACHES

We, the Pied Pipers of Hamlin High School, want Coach Smith and Coach Grigg to know that they are 100 per cent genuine. They have fought every battle we have fought and have tasted defeat gloriously. But above all, they have taught us that discipline and good sportsmanship are essential to the key of success. They have never told us to play dirty, but to take the field, fight like men, regardless of win, lose, or draw.

We think you are the best coaches that a group of boys could possibly play under.

HONOR ROLL

The students have received their grades for the second six weeks. The following students made an average of 90 or above on every course:

R. A. Dean, Senior.
Tommy Hill, Senior.
Phala Davis, Margaret Sellers and Hortense Phenix, freshmen.

The following students made an average of 90 or above on all subjects except one B:

Charlotte Dillingham, Joyce Hudson, Odean Murphree, Marguerite Nobles, Inez La Baume, Clara Spratten, Jimmy Clements, Selma Hassen, Paul Fowler, Jack Harden, Billy Dean Dunlap, Charlene Durham.

CHRISTMAS CUSTOMS

HERE AND THERE

By Selma Hassen

There are so many customs that belong to Christmas. Nearly every land has one custom that is peculiar in itself, and our United States is no exception leading with many peculiar customs. Many customs are somewhat borrowed and we have no intention of returning them because they are so satisfying to our holiday season.

It is claimed that way back in the olden times the Romans decorated trees and ornamented the houses with ivy, laurel, and holly, as a holiday custom. The Britons added the mistletoe.

The Germans are credited for the candles on Christmas Trees. Somewhere is the story that Martin Luther was returning home through the forest on Christmas Eve. He noticed how beautiful the stars shone as he walked beneath. When he told the family about it they decided to put lighted candles on the tips of the boughs. This custom has grown ever since. The United States can claim the electric lights on the tree.

There is a beautiful legend why the ivy, the holly, and pine remain green all year around. It has been handed down from generation to generation of European Gypsies that these three refused to reveal where the hiding place of Jesus was at a certain time, and were rewarded for their faithfulness by having the power to stay green, while the ash and oak are burned in great bonfires because of their betrayal of the Master. There would be trouble tracing the story, but it is a beautiful legend and we can save it with our other happy Christmas customs.

The singing of Christmas Carols comes from both England and Germany. At first it was part of the religious ceremony and the singing

was done on the way to and from Christmas services. But it soon became a regular thing to sing carols on the streets and before the doors of friends and neighbors.

The habit of sending Christmas greeting cards comes from England and Germany, but both countries were very modest about it compared with the way the Americans enjoy and use the custom. It is difficult to learn how many greeting cards are sent but there are enough to make thousands of people happier than they would have been without this little token of remembrance.

GREENHANDS HOLD MEETING

The "Greenhands" of the Hamlin Chapter of the Future Farmers of America held a meeting Wednesday morning and elected the following officers:

Burrell Ray, president.
Gean Witt, vice-president.
Dean Witt, secretary.
Buck Joiner, treasurer.
Gilbert Bowman, reporter.
Clifford Carr, parliamentarian.
J. C. Riddle, historian.

PIPERS BOW TO EAGLES

Everyone loves a winner. No one likes a loser. That is definitely wrong in Hamlin. Last Friday night the Pied Pipers bowed to a bigger, superior club when they tasted their first defeat of the year. The Chilli-cothe Eagles were "Everything" and a little more than what was said of them. The big fast club was fought like Lee fought Grant in the first two quarters to a standstill. Early in the third quarter, Johnson fired a pass to W. A. Brown rangy Hamlin right end to mark up six points for Hamlin. Undaunted by their opponents' lead, the Eagles turned loose everything in the book to whip our Pipers. Although the Pipers were defeated, they fought

Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, scur stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. It's economical. 25 to 40 doses; 25c.

like no Hamlin team has fought before. Hats off to a bunch of fearless Pipers of Hamlin High who are triumphant in defeat!

MUSIC DEPARTMENT MAKES PROGRESS

The department that has made more appearances than any other department in the Hamlin High school is the music department with Mr. Clyde F. Smith as head of this department. Ensembles, solos, the Glee Club, and the Band all together have made thirty-six appearances including parades, pep rallies, assemblies, civic clubs, study clubs, and church services.

The band consists of forty-three pieces. From the band a brass quartet, a clarinet quartet, a brass sextet, and the Hungry Five are now functioning.

The Glee Club consists of fifty members. A girls' trio, girls' quartet, and a boys' quartet are to be organized in the future.

On the twenty-seventh of Novem-

ber, the Glee Club presented a Thanksgiving program which consisted of six numbers, all of which were Thanksgiving hymns.

Sometime in January, the Glee Club will present a School Daze program, the proceeds of which will go to buy vestments for the choir.

By backing this progressive department, the community will be greatly benefited.

Mr. Clyde F. Smith knows music and knows how to make others enjoy it. The students appreciate the privilege of studying under his leadership.

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

If every reader of a newspaper could be present the whole week a paper is being prepared, there would be fewer catty remarks made about little insignificant things. It is not the learned "smarts" who find fault, it is the ignorant "smarts."

—T&T—

FOOTBALL—

Last week the main subject in Hamlin was football. This week the main subject is football, but it is the tailend of that subject. Hamlin business men have made up a nice pot to pay the expenses of the Pied Pipers to the Cotton Bowl in Dallas when A. & M. plays Fordham, about January 1. The Hamlin boys have won a treat from all of their friends in Hamlin, especially the sports-minded fellows.

—T&T—

COACHES—

It is about time that somebody is saying something complimentary about the Piper Coaches, Smith and Grigg. High-powered boys are much like high efficiency guns—they must have some one to pull them into action. Football is a rigorous game and requires severe training and a lot of things that the common citizen does not understand. It takes two determined personalities to frame up a hard fighting team . . . the coach and the real stuff in the boys. It takes both working in harmony to do the trick. Evidence proves that Coach Smith has done his part and his assistant, Grigg, is right up to the notch in developing football fighters. Not many coaches like gushy bragging on themselves, for they had rather let the team show their work. So in behalf of all Hamlin community, the Herald will say, "Smith, Grigg, you are tops, and Hamlin folks say it when you are not listening."

—T&T—

DON'T—

Don't help Germany by believing that Germany is going to finally overcome England. Don't let such an idea enter your mind. To do so is to believe that Germany will also finally overcome this dear land of America.

Don't help Germany by believing their movement does not include all of South and North America. They would be glad for us to sleep on that idea while they plan and force their way across the Atlantic.

Don't help Germany by fussing about the cost of defense. All we have would be worthless if our freedom of action on the seas and trade with other nations are hemmed in by the German idea of State control.

You help Germany when you get excited over the amount of billions to build up a defense machine that will guarantee not only our freedom but that of all liberty-loving people in the world. Kicking about that kind of cost is not very patriotic. America has the materials, the ability and the money to do anything humanly possible. Don't doubt where we stand . . . keep awake to the action of those who would weaken our country by cowardly complaining and whining about the cost of protection.

O-O-O-O

Bitter Medicine—

No one enjoys paying money for a home to replace one burned as a result of carelessness or the need of fire prevention. No one enjoys taking bitter medicine that will cure a fatal disease. Bitter medicine costs money but if it is what it takes to prevent loss of property and life, then it is good sense to pay the cost and bear the sacrifice.

When a murderer, robber and a despot are ranging over the world, somebody has to make a sacrifice to

counted into the tens of millions, and the problem becomes one of nationwide enterprise to end it. The cost may include the wrecking of the entire economic set-up, but that can be rebuilt, if life and hopes remain. Meaning by all this, that big booms and general prosperity must take a recess occasionally to make expenditures to control an idea that wrecks humanity. The only thing one can kick about is extravagance or useless waste.

Hamlin Sewing Room Makes Annual Report

The Hamlin Sewing Room Project, from October 28, 1939 to November 2, 1940, has had an average of 17 people employed per month.

The total WPA cost (labor and non-labor) for this period was \$7,789.58.

The sponsor's cost was \$927.59. This includes rent, utilities, and textiles.

11,204½ yards of Federal material was used.

616¼ yards of Sponsor material was used.

During this period 6,575 garments were made. The average number of yards per garment was 1.80 yards.

Sixty-four persons are being benefitted at present by the employment on the WPA Sewing Project.

—Submitted By Eloise Hudson

THE HERALD would like to make some pointed comment on the Hamlin Sewing Room subject. First, not many people of this community have any idea what this Federal aid project means to the people who find a limited amount of work in this room. Not many people of Hamlin have ever visited this busy room—not many understand what they do, how they do it, and what becomes of the garments made by the women and machines that work from day to day.

Really, the Sewing Room is much like a school, and ten times more quiet. Each woman has a particular job to do, has a regular place on the floor, has to be as prompt on the job as if working for an individual, and perhaps more so. Although a bunch of average women, sitting or working not far from each other, there is but little undertone talking or whispering, or gossiping, and that's something one could hardly expect from a similar bunch of men. Some of these women, or maybe all of them, might get some kind of work elsewhere, but it would be irregular and uncertain. With this Federal aid work the women and their children have a certainty of at least something to eat and some warm clothing. The wider view of the matter is that most of the things they make go to some who would otherwise have to find aid from charity.

Joe Watson Died Sat. In Abilene Hospital

About December 1, Joe Watson, a farmer of the Flat Top community, was carried back to the Abilene Hospital in a serious condition, following several days of serious illness. In fact, after nearly a whole year of failing health.

Soon after reaching the hospital he requested his wife to write an expression of appreciation to the people of Hamlin and community, and under the stress of his illness, Mrs. Watson did not get the note to the Herald till after Mr. Watson died.

Before we give any sketch of his life, The Herald will print a card of thanks from a man written just before his death. Here it is:

"TO OUR MANY FRIENDS AT
HAMLIN AND HOME

"Immediately after coming to the hospital, we had a great desire to thank our many friends for their acts of kindness, placing us here for more comfortable treatment. Appreciating the interest you have shown in our welfare, we have more to live for than we knew and a new hope to regain health that we may soon walk among you again enjoying

handclaps anew. Thanks to all our home friends for ever so many acts of kindness.

"The great desire to repay you will forever linger with
Your friends,

JOE WATSON AND WIFE"

Death came to Joe Watson at 5:30 A. M. Saturday, Dec. 7, 1940. He was sixty years of age the past July 18. He was born in Navarro County, Texas. He had been a citizen of Jones county off and on for the past thirty years or more.

The deceased is survived by his wife and one brother, B. E. Watson, whose permanent home is Dallas.

Some considerable time before death came to Joe Watson, he made a personal request of Fate Beavers of Hamlin to make a talk at his grave as his body was laid to rest. (Mr. Watson said Mr. Beavers probably knew his inner heart best of all.) This was done by Mr. Beavers as per the request. The service was held at the grave-side in East Cemetery Sunday afternoon at 3:00 o'clock.

The Barrow Company had charge of interment.

The Herald would add this: Nearly everybody in this part of the country knew Joe Watson. He was a jovial, likeable fellow. His expression to his friends just before he died reveals an appreciative heart. He was of a rugged nature, plain in language and enjoyed joking with his friends.

Woman's Literary Club Entertains Schubert Music Club

On Friday afternoon, the sixth of December, the members of the Woman's Literary Club had as their guests members of the Schubert Music Club for a program given in the banquet room of the First Baptist Church.

Guests were greeted at the door by Mrs. Ted Armstrong and Mrs. Travis Dean. Mrs. H. O. Cassle extended greetings at the door of the reception room and presented guests in turn to Mrs. Gordon Bennett, Mrs. Arlie Cassle and Mrs. Bowen Pope. Miss Alice Whiteley directed to seats.

Mrs. Ted Armstrong, club president, opened the program of the afternoon with a word of welcome. She then introduced Mr. Clyde Smith, band director of the Hamlin Public Schools, who briefly discussed the origin of troubadours, before presenting a group whom he has chosen to call "The Hungry Five." These boys, John Henry Vaughan, trombone; Billy Armstrong, trumpet; Guy Elkins, bass; Ellis Benham, clarinet; and Jimmy Clements, clarinet, favored with two numbers, beautifully rendered.

The climax of the program was given by Mrs. Bowen Pope, who reviewed very practically and graciously the book "I Married Adventure," by Osa Johnson. Each woman present expressed profound enjoyment and appreciation of the review.

At the tea hour the entertainment committee, Mmes. Tate May, E. R. Richardson, Henry Albritton, Travis Dean and Arlie Cassle, served tea and holiday cakes to all present. —Reporter.

Entertain With Two Pre-Christmas Dinners

Beautiful decorations, suggestive of the approaching Yuletide, were used in the home of Mr. and Mrs. John Ed Day when on Sunday and Monday evening they entertained two groups of friends with dinner.

The dining table, laid with a white linen cut work cloth, was centered with a small Christmas tree, formed of silver stars, surrounded by tiny silver angels with golden wings. The table was lighted by tall red tapers burning in silver holders. On the buffet, the same lighting effect was used, where an attractive snow scene was arranged in which Santa Claus and his silver reindeer were the central feature. The holiday theme was also emphasized in the delicious three course turkey dinner, and climaxed in the steaming plum pudding, over which flickered a blue flame of burning rum, as it was brought to the table on a large silver tray.

After dinner coffee was served in the living room where the evening was pleasantly spent in chatting.

Sunday's guests included Mr. and Mrs. C. C. Prater, Mr. and Mrs. H. McCurdy, and Mr. and Mrs. Maurice Smith of Anson.

Guests Monday evening were, Mr. and Mrs. Travis Dean, Mr. and Mrs. B. M. Brundage, Mr. and Mrs. Holly Toler and Mrs. G. H. Tumlin.

Miss Cassie Belle King Married to R. M. Grubb

A surprise was given the many friends of Mr. R. M. Grubb and Miss Cassie Belle King last Sunday when they appeared at the home of Rev. Dan Jones, pastor of the Nazarene Church, for a marriage ceremony.

Mrs. Grubb is a daughter of Mr. and Mrs. D. E. King of the Hitson community.

Mrs. Landon Davis Hostess to Club

Mrs. Landon Davis was hostess to the Trece Senoras Club in her home on Hope Avenue, Tuesday afternoon. Ferns and poinsettias decorated the entertaining rooms where three tables were arranged for bridge. A Christmas motif, featured in tallies, scorepads and tiny Santa Claus favors, was repeated in the attractive salad plate served at the refreshment hour with cake and coffee.

In the contract games, Mrs. Willard Maberry made high score. Others playing were Mmes. Roy Gilbreath, Fred Carpenter, Raymond Jones, Otis Hopper, Clinton Barrow, L. H. McBride, R. H. Campbell, M. T. Hudson, Bill Rountree, C. F. Butcher, and Dick Low.

Methodist Women In Social Meeting

Investing Our Heritage In Social Evangelism, was the theme of the program at a meeting Monday afternoon of the Women's Society of Christian Service, held in the home of Mrs. M. T. Hudson, with Mmes. Carpenter and Barnes, co-hostesses. Autumn flowers, mistletoe and a gaily decorated Christmas tree gave the holiday touch. The holiday motif was also used in the attractive refreshment plate.

The program in keeping with the Christmas spirit, was directed by Mrs. Butcher, assisted by Mmes. Moore, Preston, and Hopper.

At the conclusion of the program, Miss Eleanor Temple presented the Society president, Mrs. M. T. Hudson, a beautiful pottery flower bowl, a Christmas gift from the members.

BAPTIST CHURCH

Last Sunday was an unusually good day. With 309 in Sunday School, with unusually good congregations in both the morning and evening services, with good singing from the choir, and a good spirit among the people, we were encouraged. Surely God was with us, and when God is with us, the services are not in vain.

Won't you be in services somewhere next Sunday? If you are a Baptist, or if you have no preference, we would be happy to have you worship with us. Sunday School begins at 9:45, the morning worship service, at 11:00. Training unions at 6:30.

There will be no evening service next Sunday. Services will be dismissed that our people may hear the Christmas Cantata presented by the music club at the Methodist Church.

Our Brotherhood comes Monday. Bring a covered dish. An out of town speaker will be here. Men, we want you in that meeting.

ALL QUIET on the Western front

The moon casts oval shadows from reels of cable in the warehouse yard. New telephone instruments mark time upon long store-room shelves. Thousands of parts...relays, crossarms, insulators...wait in Western Electric warehouses for their call to service in America's telephone system.

Tonight...all quiet on the Western front!

But for how long?

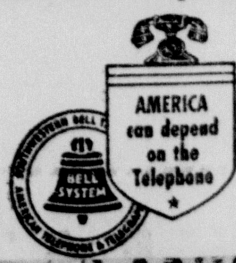

Who can say when disaster will strike...a fire, a flood, a storm...to cripple some section of the telephone plant?

Perhaps within the hour heavy trucks will back up to loading platforms. Bearing tools and materials they will roll away to meet repair crews at the trouble scene.

Disaster strikes...the Bell System moves to meet it.

Western Electric supplies high quality, standardized telephone equipment...usable in any part of the nation. Its warehouses in strategic locations insure prompt delivery when materials are needed in a hurry.

That is one reason Americans in any emergency turn to the telephone, knowing they will receive fast, dependable service. Southwestern Bell Telephone Co.

Texas Cowboys' Christmas Ball To Stage 3 Nights, Dec. 19, 20, 21st

Anson, Dec. 12—The cowboys of the ranges are bedding down their "dogies", putting away their branding irons, polishing up their high heel boots and getting ready to hit Anson for one grand "sworray", the Cowboys' Christmas Ball, to be held here Dec. 19, 20, and 21st.

For the first time the Ball will be held in its own home, the new Pioneer Hall, of rock construction, erected this year. There is plenty of space for hundreds of partners to do the square, Virginia Reel, Heel and Toe, Waltz, Polka, Two-Step, dressed up in their cowboy togs, with their partners in fashions of the 1890's. For Pioneer Hall has the largest dance floor in this section and in addition has a lobby, kitchen, rest rooms, cloak rooms and stage. For those who just want to watch, there is a large balcony.

As usual, many of the pioneers who attended the first ball will be

back to re-live by-gone days of "That whirl at Anson City just takes the cake with me. I'm tired of lazy shufflin's, of them I've had my fill, Give me a frontier breakdown, backed up by Windy Bill."

And just as in the early days the lads and ladies who attend will come attired in fashions of the 1880's, and each night the most appropriate costumed couple will be given a prize, and also a prize will be given individuals.

So to the tune of the fiddle and banjo, the modern cowboys will turn back for three nights, to enjoy the festivities at the Cowboys' Christmas Ball on December 19, 20 and 21st. So says G. D. Triplett, Sec'y. Anson Chamber of Commerce.

Children live in a different world

...and the climate is 5 to 10 degrees colder!

DON'T GIVE A COLD AN EVEN BREAK!

Fight the dangerous common cold this winter with these simple rules: (1) Don't "huddle" but provide comfortable temperatures in every room so that quick body-chilling changes will be avoided at all times; (2) Introduce sufficient oxygen-laden air into the home through adequate ventilation; (3) Keep connecting doors open so that a natural circulation of warm air prevails from one room to another; (4) If you should "catch cold" consult your family doctor before it has an opportunity to undermine your health.

THE FLOOR is the most popular winter playground. Have you ever asked yourself, "How is the climate down there?" So far as healthful comfort is concerned, it is a different world at floor-level temperature than it is in the comfort zone in which grown-ups move about in the household.

In guarding your family's health against winter illness, give serious thought to proper heating. Give your floor the "Health Test." Note the temperature at floor level and compare it to the temperature at five-foot heights. You'll find it to be 5 to 10 degrees COLDER at floor levels, depending upon the manner in which you heat your home.

Heat your entire home and live all over it this winter. Provide adequate heat in every room and at all times avoid danger of uneven, unhealthful temperatures.

BAND FORMATIONS

The Hamlin High School Band did some experiencing when those mighty Pied Pipers clashed with the Anson Tigers on Thanksgiving Day. The formation consisted of a large H and A to represent the two towns. For a comical ending, the H, representing Hamlin, marched through the A, representing Anson, leaving only a small A formation limping over to the Anson side of the field. The Band not only made Anson look smaller, but so did the boys on Hamlin's Pied Piper team.

For the last Football formation of the year the Band and Pep Squad were massed together. Forming a large star, the Texas Colors were presented to the rhythm of "The Eyes of Texas." Following the display of the Texas flag, "Old Glory" was presented while the Band played "The Star Spangled Banner." As the American flag was being raised the lights were turned off and flashlights left the imprint of the star. Billy Armstrong played "Taps." As the flashlights turned on the flag it was being lowered, and in the far corner of the field an echo "Taps" was played. This formation is a favorite of the fans, and shows what persistent practice and competent leadership can do for a band.

HEARD IN THE HALLS

Have you heard the latest news? Frank Joiner has a permanent. J. C. Smith went to California. (Ask Mary Dena H. why he came back so soon).

Miss Willis was on the war path this morning. She gave us a pop quiz and sent three kids to the office. I bet I made zero on the test. Julia Pitcock was so happy last Thursday after she received a certain letter. (She is cinched for life) Oh! my hair!

Be sure to take your history notebook and fountain pen to class if you don't want two or three demerits. (Ask Milton Fletcher about it.)

All the boys are c-r-a-z-y about the new girl named Joyce Conner. Tommy Hill seems interested. Joyce H. may have some competition.

Billy Joe H. really likes to throw paper wads in study hall. Ask him how he liked the spanking.

I wonder where Tommy H. and Harold F. went the first period last Thursday morning. (They walked back like gentlemen.)

Joe Frank Beavers finally got caught.

When will Bobby B. and Bill H. run out of excuses?

Thursday we got our report cards and I hated to see mine.

I am so disgusted with my dress. I'll never wear the thing.

Can Miss Blake give hard Spanish tests? I should say so.

JUST FUN—

Coach Smith—Your answer is as clear as mud.

Bobby Barrow — Well, that covers the ground doesn't it?

Father—G. W., where were you last night?

G. W.—Oh, just riding around with some boys.

Father—Well, I wish you would tell them to stop leaving their hair pins in the car.

Mr. Brooks—Geraldine Moore, tell all you can about Christopher Columbus.

Geraldine—Well, he discovered America, and he chopped down his father's cherry tree with his hatchet, and he never told a lie, and he had to work his algebra on a shovel.

POT SHOTS FROM M'CAULLEY

BY GEO. DARDEN

A number of ladies from McCaulley attended a bridal shower for Mrs. Conway, formerly Winnie Shurtleff. The shower was at Roys-ton.

We understand that the slush pit contract has been let for the well to be drilled on the J. P. Humphries farm. Work is to start at once.

L. A. Long, oil man, is in McCaulley looking after oil interests and we expect the ball to start rolling at any time on several wells.

The young folks met at the E. C. Waldrop home Sunday night for a singing.

Quite a few men from McCaulley are at work on Army camps at Mineral Wells and Brownwood, and more expect to go to work at Abilene soon.

Mr. and Mrs. D. A. Skaggs have moved to the Louis Rector apartments.

Melvin Hunter acted as postmaster while Mrs. Rector was Christmas shopping in Abilene one day last week.

Ginning of cotton has about come to a halt in McCaulley and what little cotton there is looks like a very low grade.

Well, folks, we turned out for the big football game at Hamlin last week and we came away a little disappointed, but we still say that this

Alvin Johnson should make anybody's college team, and there are more on the Hamlin team that play good football. We can say that Hamlin people showed real sportsmanship, and we congratulate Chillicothe on their fine team and hope they can win over Bowie.

The high school football championship isn't far off and we predict that the Amarillo Sandies will win in a walk.

The Herald Editor, Bowen Pope, visited us the other day and it was the first time that Mr. Pope had been to a good town in a long time and he seemed to enjoy shaking hands with all the natives, and, too, we like for our Hamlin friends to come around. After all Hamlin is a suburb of McCaulley.

Bill Andress, a driller who lives in McCaulley, is working for Shell Co. north of Hamlin.

O. M. Henderson, Jr., and family have returned to Ft. Worth, where he is employed in a dairy.

Mrs. Fred Maberry has returned from Abilene where she underwent treatment in a hospital. She is reported to be improved.

Not many more days until Santa Claus will be coming down the chimneys and the school kids are anxiously waiting for the holidays. We guess the older heads will be glad

to see Xmas, too.

The annual Boy Scout banquet was held at the Baptist church one night last week, and a grand time and plenty of good eats were enjoyed by all.

Burl Bunkley says he will soon start up his hatchery. Burl is a raiser of fine blooded white leghorns and he has enlarged his hatchery for more business.

Mrs. John Wicker passed away at the home of a daughter, Mrs. J. O. Jones, Tuesday at two P. M. Mrs. Wicker was an old settler in these parts and will be greatly missed by friends and relatives. The children who survive are: Mrs. Clay Wilson, Winters, Texas; Mrs. J. O. Jones, with whom she made her home, McCaulley; Roy Wicker, Brownsfield; Cleve and Short Wicker, Slaton; Mrs. Jim Wolf, Slaton; Bill Wicker, McCaulley; Mrs. J. I. Parker, McCaulley; Elvin Wicker, Oregon; and Mrs. Ed Waldrop, Slaton.

It looks like Uncle Sam is planning on lending Great Britain some more money. If credit were appreciated by them, it would be a different story, but they never tried to pay any of their war debts and it might be a good idea to let them know that we don't like to put out this money without something in return. They say they are fighting our war and a lot of folks in this country agree, but it's a funny thing that every war they get into is "our war". We are all anxious for England to win but we should get some

thing in return for our help. The right kind of propaganda usually swings the masses, but we should not be drawn into a conflict by merely listening to the cry for money. If we lend money to a nation, let's get security. Hitler made a speech today but it was the same old BALONEY, and if read between the lines correctly, he is trying to persuade the "have nots" to take arms against the rich. In other words, he tries to leave the impression that he is for the poor, but according to reports, he lives in luxury while his subjects eat dog meat. —A DARDEN-O-GRAM.

Mrs. M. M. Patten, of Bellflower California, and a sister of H. A. McWright, left Monday for her home, going by way of Clarendon to spend Christmas with her daughter, Mrs. L. H. Stark. Mrs. Patten had been visiting here with her brother for about three weeks.

FUN...IN THE VALLEY OF THE SUN

PHOENIX, ARIZ. — (Special) — "It's fun to play in the sun" say these fair visitors to the Valley of the Sun around about Phoenix, Arizona—one of America's foremost winter playgrounds.

These charming devotees of Old Sol are demonstrating a few of the more vigorous activities inspired by the clear desert air and balmy winter warmth. Rest and relaxation, too, are among the popular pastimes and are exceedingly pleasant in this winter home of the sun.
